Not financial advice. Not licensed. Not a broker. Not a token sale. Education and research only. Invest at your own risk and only on the advice of a licensed advisor.

Mandate

1. Maximize bitcoin accumulation.
2. Minimize bitcoin volatility.

SuperGrok is the only paid service. All market tape is free/public.

What you get

Surface	Also searched as	Role
S1R1US 7-Bot Hedge Fund	S1R1US 7-Bot Hedge Fund	ACCUMULATE / HOLD

Bots 1-6 vote orthogonal signals (earnings/DATs, sector/gold, Mag7/debasement as labels unless Rotation confirms capital leaving Nasdaq/AI/paper-gold into BTC, Asia, EM, ETF/on-chain). Bot 7 has full-system awareness. Gold/silver pies, Mag7, NVDA, hash-by-region are labels unless Rotation says they move vs IBIT.

Stack (open-source ready)

- Node 22, React 19, TanStack Start, Tailwind

- Production hos

`npm install`

`npm run dev`

Optional: XAI_API_KEY for Ask Grok. Without it the desk still paints free tape.

`npm run typecheck`

`npm run build`

What not to put in git

- Admin name/password, YubiKey ids, reset-mail

- Coinbase CDP

See SECURITY.md and CONTRIBUTING.md.
